

Alumni profile and job placement of Indian students

International Office

Testimonials

Joyal Kandathil Emmanuel, batch I

“We had a few opportunities to meet and talk with the business professional in job fairs. To make us prepared well, the international team helped us preparing better CVs and also conducted workshops. The university arranged a few company visits where there was an opportunity to talk with the executives of the companies, which helped a few students to grab opportunities. I express my special gratitude to the international team at FOM University, which is there with the students in both complicated and petty needs. I’m always grateful to the university and its excellent international team. I’m proud to be a student at FOM university from the first-ever Indian Batch of students in M.Sc. in Big Data and Business Analytics.”

Working student at RWE

Testimonials

Souradeep Pal, batch I

“The study program at FOM helped me develop the management skills from a strategic and practical perspective that I am able to leverage in driving the right technical strategies on an international platform. The study program has the right blend of theoretical and practical curricula. With a greater sense of independence, confidence, and competence after graduation, I can take on even more challenges at a global level. Right from landing in Germany till now, I have received tremendous support from FOM which has helped me to integrate smoothly into German society and the job market.”

Testimonials

Mirza Zeeshan Baig, batch I

“I had the most memorable time of my life at this esteemed university. The curriculum is industry oriented and the Professors are professionals in their respective fields. Applying what was taught in the lectures has helped me acquire an internship at a renowned international company. The international office is supportive and understanding. I would recommend FOM to any student who is looking for an all-round experience.”

Internship at Henkel

Testimonials

Sonia Kopidesi Prabhakaran, batch I

“Being an expert of data without any doubt is one of the most promising career paths I can imagine. The Masters’ program offered at the FOM University provides a snapshot of how big data transforms the way the business is conducted today and demonstrates the state-of-the-art tools to get into the forefront of data-based business analytics.”

Internship at GFOS

Testimonials

Yashviir Singh, batch I

“The learning environment here is quite good and online literature helps in getting the appropriate information. The way that FOM is set up has made it really easy to meet new professional connections across Germany. I am sure Germany would give us a wonderful International exposure which would help in professional growth.”

Internship at BP

Testimonials

Mohammed S. Farooqi, batch I

“First of all, I'm glad I took the decision to join M.Sc. Big Data and Business Analytics. As this was a pilot batch of FOM University, it was a tough decision to make personally. For me, this master's program was a bold decision, as I already had working experience of 9+ years with more than decent earning in India. However, after lots of research, I decided to go-head with the course looking at the syllabus and the reputation of FOM University, one of the top private in Germany. [...]

I.O. team has arranged many industrial visits and also a few job fairs. It was this job fair in Köln Messe in Nov-2019, where I found my dream job, it was a perfect fit for both company and me as well. A big thanks to the I.O. team taking us to this fair. [...]

Process Analyst at Healix

Testimonials

Sonam Shahi, batch I

“The course taught how to collaborate and work in a team to bring big data solutions to the table. It also explained the role of Business analytics in the real world and provided me with the opportunity to learn and improve my hands-on skills in real time environment. FOM university has given me the confidence to pursue the dream of being a Data Analyst. I now not only have the confidence, but I also have the skills and experience to back it up!”

Internship at BP

Testimonials

Venkata Satya Siddharth Vangapandu, batch I

“I feel extremely privileged to be a part of the prestigious institution, FOM. Fueled by innovative methodologies in teaching, the Professors at FOM encourage us students to think beyond the boundaries and come up with unique ideas. (...) The International Office here is extremely helpful and welcoming. For every student/working professional, looking for popular courses with an industry-oriented curriculum, I can definitely say, FOM is the best choice!”

Business Analyst at Eurofins NDSC

Testimonials

Debjeet Ghosh, batch I

“After gaining a few years of experience as an employee for international IT related companies such as BT and Teleperformance, I decided it was time for me to shift my career paths into a more creative environment. In my opinion, this is one of the best programs. Through my studies at FOM and the Career Center of the International Office, I got a job at Deutsche Telekom as an IT engineer.”
